

THE CCC AGENCY

Previous work:

- Issey Miyake PFW 2022
- ADE x Desperados Campaign

Current occupation: Freelancer

Biography:

Boston Gallacher has never felt all the way human. Maybe a better way to describe them would be as a perfume or a poem, or a satin curtain billowing in the wind out of an open window nineteen stories up. A place to start would be with the knowledge that their birth can be traced back to Glasgow, Scotland. But who can say where the Boston as we perceive them today was truly born?

Are they a dancer? Yes. Are they a model? Maybe. Are they an actor? Why waste our time with labels? What's important is not what they do, it's how they make people feel. And with one look, Boston can transport you to a rippling whirl of eternally overlapping sorrow, only to be whipped back to earth, marveling at the possibility of performance. It's with this personal performance of humanity they can slip between social constructs and connect ideas to form.

Talents:

- Dancer
 - Contemporary

Roots:

Scotland, Glasgow

Based:

London
