

THE CCC AGENCY

Current occupation: Artez Arnhem

Biography:

Eloy Cojal started dancing Street Dance styles when he was 8 years old, with popping, breaking, and hip hop. Looking for a freer and more personal way to express himself through his art, he became interested in contemporary dance. This brought him to study it further in the ArtEZ Dance Bachelor. He enjoys going to music performances and playing the piano, the guitar, or the drums. He loves all kinds of music, especially jazz, rap, classical, R&B, and Indie Pop. This probably comes from his parents as they are both musicians.
